Explanatory Note

This does not form part of the notification, but is intended to indicate the main purport.

Some species of wood enumerated in the above notification which are used as raw material for wood based industries in Kerala are becoming scarce as these are moved out of Kerala in large quantities to neighbouring States. As a result the Indigenous Industrial Units are finding it difficult to get the required quantities of timber for them at reasonable prices. With a view to ensuring availability of essential raw materials to the industry in the state it has become necessary to declare these species of wood as essential articles under the Kerala Essential Articles Control (Temporary powers) Act, 1961 (3 of 1962). This Notification is intended to achieve the above object.

II

Special Secretary to Government.

Explanatory Note

Certain species of softwood in the State have been declared 'essential' articles under the Kerala Essential Articles Control (Temporary Powers) Act 1961, as per Government Notification No. G.O. (Ms.) 179/81/Forest dated 20th June 1981. As these species are indiscriminately moved out of Kerala the wood based industries are finding it increasingly difficult to find adequate raw material and the cost thereof is going up; leading to industrial recession. It is therefore, considered necessary to regulate the movement of certain species of timber out of Kerala. The Notification is intended to achieve the above purpose.

The Expert Committee constituted under section 4 of the Kerala Forest Produce (Fixation of Selling Price) Act, 1978 made recommendations to Government for fixing the selling price of forest produce for he financial year 1981-82.
